Objective

Software development professional with experience in developing and designing web applications using HTML, CSS, JavaScript, TypeScript, Next JS, Node.js, and React. Adept at developing and deploying complex backend systems, web services, and databases.

Work Experiences

Full Stack Developer

Al Baraka | KSA, Jeddah | May 2023 - Present

Using MERN and Next JS.

1. Developed a business intelligence dashboard with CMS that gave the front desk real-time visibility into inventory and procurement.
2. Developed an e-commerce store containing more than 1K products with many Features.

Full Stack Developer

CiiAction Inc. | Canada, Montreal | Jan 2022 - May 2023

Using MERN, my responsibilities included designing, coding, and modifying web applications, ranging from layout to function, based on the specifications provided by project managers and clients also actively participating in code reviews, debugging, and quality assurance.

Customer Services Representative

Xceed | Cairo, Madi | Jan 2021 - Jan 2022

Worked in Talabat Account, supporting and helping customers with any technical issues and solving any problem Via live chat using Salesforce and BOA, calling restaurants to resolve any customer issues, and sending emails to the relevant departments to follow up on customers' complaints.

Front End Developer

New View Ads Agency | Cairo | Mar 2018 - Jan 2021

My responsibilities included designing, coding, and modifying web applications and best practices and semantic HTML for SEO using Adobe XD, Figma, HTML, CSS, Bootstrap, jQuery, and JavaScript.

Graphic Designer

New View Ads Agency | Cairo | Feb 2017 – Mar 2018

Using Photoshop and Illustrator to design Logos, Business Cards, Vectors, Social media designs, Photo editing, and Parshors.

Projects

- E-commerce web store with dashboard.
- Towing Services Website.
- Admin Panel with CMS.
- Blog Application.
- Personal portfolio.
- AKE Tuning Car Remapping Services.
- Booking System.
- Social Media web app.
